IMPACTFUL RESEARCH EXCELLENCE AWARD

LETTER OF APPRECIATION

This Award is proudly presented to

Sangeetha Govindarajan

In recognition of her exceptional research and contributions to the field of Technology and Product Management. Sangeetha's groundbreaking work has significantly enhanced operational efficiencies and innovative growth for various companies worldwide.

Her dedication to advancing these critical areas through innovative research has not only provided invaluable insights but has also set new benchmarks for the industry. Sangeetha's presentations of her findings at the esteemed conference held on 18th Feb 2024 in Delhi, India, showcased her pioneering work and its impact on global operations, earning her widespread acclaim and respect within the academic and professional communities.

Through this award, we celebrate Sangeetha Govindarajan's outstanding achievements and her role in transforming industry practices through research excellence.

Awarded on this **18th Feb 2024**

James R. Lewis
